Parents - Off to a Solid Start!

With week one of the school year successfully completed, MHRS is off to a smooth start. Please pay special note to the valuable parenting webinars offered by CSCOE. Social-emotional health is getting special attention in many quarters and the seminars will offer tips on how to protect the mental well-being of our kids. Also, just a reminder that parents can access your child's lunch accounts, view grades and assignments with homework.

"We're Back: Now What?" - Parenting webinars

This school year, the Catholic Schools Center of Excellence (CSCOE) is again offering monthly parenting webinars with Dr. Jules Nolan as part of its mental health and wellness initiative, Peace of Mind. We're pleased to share the information about the webinar:

"We're Back: Now What?" — September 22 at 7 p.m.

Parenting during the pandemic, conflict in our communities, going back to school, and the uncertainty over the last 18 months have made our job as parents even more difficult. Many of us are worried about how to move forward as we once again enter a school year that will be influenced by the pandemic. In this session, we will bring it back to the basics of sound, practical parenting: What to attend to, what to let slide, and how to protect children's mental health without "snow plowing" away the experiences they need to become strong and resilient.

Just a reminder, even though the school doors open for staff at 7:30 a.m., students are required to wait outside, (or in the hall near the stairs during inclement weather) until the 7:40 a.m. bell. Many staff and teachers are still preparing for the school day and need that time to prep. If you have a special need or request, please contact the school office.
