Issue # 6

Marathon 2022 was a **SUCCESS!** Thank you all for your hard work and support. It was such a joy to watch our students participate in the "Dollar Jump"! Our matching donor was impressed and told me that "you almost don't need me." I assured him that we are so grateful for all of his support and that he is in our prayers.

A reminder that there is No School next Wednesday, October 19 - the teachers and staff will be in Minneapolis at the CSCOE Summit together with other Catholic schools' staff to pray, learn and socialize. We are so fortunate to be invited to this event where Archbishop Hebda will celebrate Mass and excellent speakers will be in break-out sessions addressing the various grade levels or particular positions that the staff hold.

Students please take this five-day break to rest and relax a little and come back on Monday, October 24, rejuvenated and ready to learn in your classroom at MHRs!

The first quarter is coming to a close so please check with your students to make sure that they have all their assignments completed and up to date.

God Bless- Mrs. Kari Marsh

**Our Friends in Heaven, Pray for Us**  
Saint Teresa of Avila was born on March 28, 1515. She always thought of herself as a horrible sinner. When she was 16, her father was very strict and thought she was out of control and rebellious. He sent her to a convent and she hated it at first. Her love for God began to grow and she liked that the convent was less strict than her father. She had a hard time when she needed to choose between marrying or religious life. She decided that the Carmelites were the best choice since she felt it was a better place for someone like her who was prone to sin. She eventually found that God should be first in her life. It was difficult but she founded a new convent, St. Joseph's, that was dedicated to a simple life of poverty and dedicated to prayer. At St. Joseph's, she spent most of her time writing her life story. St. Teresa is the patron saint of headache sufferers. She was canonized in 1622 and she is the first woman to be proclaimed a doctor in the Church.

### The Dollar Jump

Students hold cash in hand following the marathon's first ever Dollar Jump. They were rewarded with the opportunity to earn \$1.00 depending on the distance jumped. MHRS has some very athletic students. We also have dedicated students who brought in more than \$31,000, passing the \$25,000 goal. Over \$10,000 was given by MHRS alumni, parishioners, businesses & organizations. Plus alumnus Bob Washa added a matching grant up to \$25,000. THANK YOU to all!
